## Your profit

### Saves Time

Ready made test papers with facility to feed your own questions or your own test paper.

### Multi Platform

These tests can be conducted in school's computer lab, students' or parents' mobile/tab.

### Safe & Secure

Our application neither allows students to use key board nor to open other window for more than 10 seconds.

### Review & Solution

Our application allows institutes to declare result and can e mail the results to parents.
